

THE SCHOOLS OF ENGINEERING AND GEOSCIENCES PRESENT

“HOW TO WIN A TENURE-TRACK FELLOWSHIP: A PANEL DISCUSSION”
(FOLLOWED BY A MEET-AND GREET SOCIAL EVENT)

EMMANUELLE EPELLE

CHANCELLOR'S FELLOW (2023-),
SCHOOL OF ENGINEERING

CHRIS NESS

ROYAL ACADEMY OF ENGINEERING
RESEARCH FELLOW (2019-) AND READER,
SCHOOL OF ENGINEERING

DUNCAN DOCKAR

ROYAL ACADEMY OF
ENGINEERING RESEARCH FELLOW
(2023-), SCHOOL OF ENGINEERING

ANDREW SCHURER

CHANCELLOR'S FELLOW (2021-),
SCHOOL OF GEOSCIENCES

PIP THORNTON

CHANCELLOR'S FELLOW
(2022-), SCHOOL OF
GEOSCIENCES

ALI

HASSANPOURYOUZBAND
CHANCELLOR'S FELLOW (2023-),
SCHOOL OF GEOSCIENCES

As part of the UK-wide postdoc appreciation week, the School of Engineering (with support from Geosciences) have organized a unique in-person event: we will be hosting a panel of early-career academics, all of whom have won extremely-competitive tenure-track fellowships.

Over the course of an hour, we will try and distill how they successfully navigated the challenging world of postdoctoral research, how they managed to build their track record and eventually transition to tenure-track fellowship. If you are a PDRA wondering how to make the jump to an independent research role, this is well worth your time.

Date: **21st Sept. 2023**

Panel Discussion: **2:00-3:30 pm**

Social event: **3:30 pm onwards**
(Canapes and drinks included)

Location: **Yew Lecture Theatre,**
Nucleus Building
